A volunteer ride service for seniors.

What drives us
We take seniors out for a bicycle ride - through the city, to the water and the countryside. We make them smile and bring back memories. We let them be part of society again and thereby renew their appetite for life itself. We give them the right to wind in their hair!

“The air was a little breezy, it felt so nice!”

The Pilot Volunteers
Cycling Without Age is probably less about volunteering in the traditional sense of the word - and more about active citizenship driven by a desire to get involved and to make a real difference for someone. It's about creating relationships.
