## WHO IS THE HEALTH PLANNING OF COUNCIL NE FL?

The Health Planning Council of Northeast Florida (HPCNEF) is a non-profit 501(c)(3) agency and one of 11 local planning councils mandated by the state of Florida to develop regional, unbiased research and evidence-based initiatives that promote healthy communities and lifestyles. The HPCNEF serves Baker, Clay, Duval, Flagler, Nassau. St. Johns and Volusia counties.

### OUR ROADMAP TO COMMUNITY HEALTH

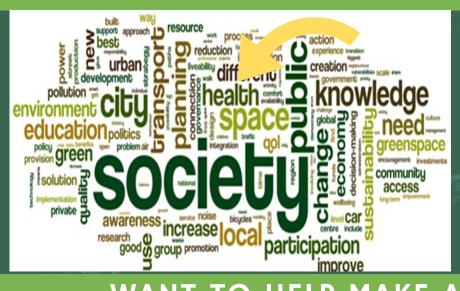

- Utilize data to create comprehensive health assessments
- Implement methods to track progress
- Organize community collaborations to improve efficiency & effectiveness of public health efforts
- Provide health resources & information to support community leadership in decision making

#### WALK~BIKE~TRAVEL: GREEN

Today we face health challenges from chronic diseases to negative environmental impacts. Addressing these health concerns requires thinking explicitly about how health planning affects a community's health. By examining how the physical features of our community landscape—sidewalks, roads, transit systems and buildings—serves as health assets or health obstacles.

ALL THESE FACTORS
PLAY A ROLE IN THE
ENVIRONMENTAL MIX
INFLUENCING OUR
HEALTH

#### WANT TO HELP MAKE AN IMPACT?

HPCNEF provides community impact coupled with evidence based data to support your initiatives.

- Find out the health status of your county in our region
- Find regional health-related data and community level assessments for grants, proposals, or media stories
- Find regional healthcare utilization reports
